

WEATHER AND FLIGHT INFORMATION TELEPHONE NUMBERS

Flight Service Station (FSS) and National Weather Service (NWS) Telephone Numbers

Explanation of Services

800/WX-BRIEF—A toll-free number that automatically routes the caller to the appropriate FSS. This service is available in all states except Hawaii and Puerto Rico.

Individual AFSS Toll-free Telephone Number—Enables the caller to reach a specific AFSS with their cellular phone far from home without automatically being directed to their “home” FSS facility. Callers can obtain local notams for, and at, airports outside their home station’s briefing area.

Telephone Information Briefing Service (TIBS)—A continuously played recording of meteorological and aeronautical information provided by automated flight service stations (AFSSs). TIBS includes area and route briefings, airspace procedures, and special announcements. A touch-tone telephone is needed to fully utilize TIBS.

TEL-TWEB—Telephone access to TWEB providing transcribed aviation weather information at selected locations.

Fast File Flight Plan System (FF)—Use the discrete telephone numbers listed to file your flight plan in accordance with prerecorded instructions. IFR flight plans will be extracted from the recorder and subsequently entered into the appropriate ARTCC computer. VFR flight plans will be retained at the FSS for activation. File your flight plan at least 30 minutes in advance of proposed departure.

Legend

AFSS—Automated flight service station

FF—Fast File telephone number

FSS—Flight service station

IFSS—International flight service station

R—A restricted number; used for aviation weather information

TIBS—Telephone Information Briefing Service

WS—National Weather Service

#—AFSS individual toll-free telephone number

Note: Local FSS, Automated Weather Observing System (AWOS), and Automated Surface Observing System (ASOS) frequencies and telephone numbers are included in the airport listings in this directory (see U.S. Landing Facilities/FBOs). Numbers beginning with 866 are toll-free.
